Built For Strength, Finish, And Repeat Supply

This catalogue presents metal door directions that can be developed using steel sheet, formed profiles, reinforced frames, powder coating, glass inserts, hardware integration, and export-ready packing. The focus is practical manufacturing: strong doors, controlled finish, repeatable dimensions, and products that can be adapted for project or private-label requirements.

DOOR TYPES

Entrance, apartment, hotel interior, double-leaf, and sliding doors

MATERIAL DIRECTION

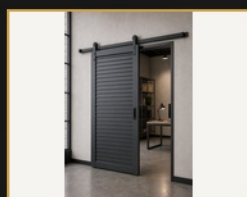

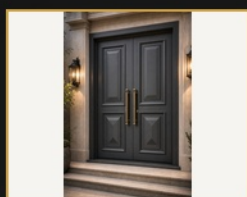

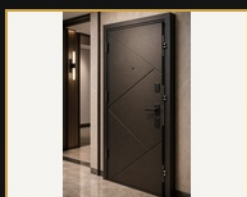

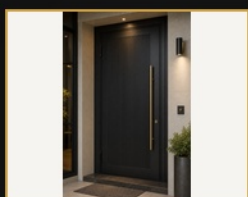

CR steel / galvanized steel / stainless trim options

FINISH

Powder-coated matte, textured, ribbed, embossed, or two-tone

DEVELOPMENT

Custom size, frame profile, hardware, packing, and sample approval

MD-01

METAL DOOR COLLECTION

Ribbed Entrance Door

Powder-coated steel entrance door with vertical ribbed face

- Matte black steel door skin
- Slim brass pull handle
- Reinforced frame and clean jamb detail
- Premium apartment and hotel entrance fit

Custom size, panel design, thickness, frame profile, handle, lock system, finish, and packing can be developed after sample approval.

Security Apartment Door

Heavy-duty steel door with geometric recessed panels

- Thick steel slab and frame
- Multi-point lock hardware direction
- Peephole and concealed hinge detailing
- Apartment, hotel, and project security use

Custom size, panel design, thickness, frame profile, handle, lock system, finish, and packing can be developed after sample approval.

Glass-Inset Interior Door

Powder-coated hotel interior metal door with narrow glass panel

- Minimal off-white steel surface
- Vertical vision glass insert
- Slim black frame and lever hardware
- Hospitality, office, and apartment interiors

Custom size, panel design, thickness, frame profile, handle, lock system, finish, and packing can be developed after sample approval.

MD-04

METAL DOOR COLLECTION

Double-Leaf Villa Door

Premium double metal main door with embossed panels

- Symmetrical steel double-door layout
- Brass pull handles and thick jamb frame
- Weather-resistant threshold direction
- Villas, premium homes, and project entrances

Custom size, panel design, thickness, frame profile, handle, lock system, finish, and packing can be developed after sample approval.

Industrial Sliding Door

Graphite metal sliding door with exposed top rail

- Horizontal ribbed/slat steel panel
- Visible roller rail and track system
- Recessed handle detail
- Office, loft, warehouse, and back-of-house use

Custom size, panel design, thickness, frame profile, handle, lock system, finish, and packing can be developed after sample approval.

Door Programs For Project Supply

Recommended development focus: reinforced steel frames, folded sheet-metal skins, ribbed or embossed panels, powder-coated finish control, reliable hardware fit, carton protection, and repeatable dimensions for project or private-label supply.

- Entrance and apartment steel doors
- Hotel and commercial interior metal doors
- Double-leaf villa and project doors
- Sliding metal doors and exposed rail systems
- Custom lock, hinge, handle, and frame options
- Sample-led development before bulk production
