Utility Product Development Range

This catalogue presents practical metal product directions that can be developed into buyer-specific models for retail, hospitality, institutional, and project supply.

Manufacturing Base

Tube cutting, bending, welding, sheet-metal fabrication, powder coating, and assembly support. Useful for products where strength, finish consistency, carton size, and repeat supply matter.

Buyer Fit

Bathroom brands, hotel FF&E suppliers, furniture importers, institutional buyers, e-commerce brands, and project contractors. MOQ and final pricing depend on confirmed design, steel weight, finish, and packing.

Customization

Dimensions, tube size, sheet thickness, finish color, hardware, branding, carton design, and KD/flat-pack structure can be developed around buyer needs.

Export Readiness

Carton optimization, protective packing, knock-down structures, mixed-product container planning, and repeat batch specifications available.

Range Snapshot

BR-01 Bathroom Rack

Wall-mounted and free-standing utility storage

TH-01 Bathroom Towel Hanger

Towel bars, rails, hooks, and hotel bathroom accessories

LT-01 Luggage Trolley

Hotel, resort, hostel, airport, and serviced-apartment trolley

BST-01 Bed Side Table

Metal bedside table for bedroom, hotel, hostel, and

KHODIYAR STEEL INDUSTRIES

Bathroom Rack

Wall-mounted and free-standing utility storage

Bathroom furniture importers, hotel suppliers, hardware distributors, home-improvement chains

Typical Use

Bathrooms, hotel rooms, serviced apartments, hostels, staff housing, retail utility ranges

Indicative Size Direction

450-900 mm width | 2, 3, or 4 shelf layouts | custom depth available

Manufacturing Specifications

- Mild steel, stainless steel, or mixed tube + sheet construction
- Wall-mounted, corner, over-toilet, or free-standing formats
- Powder-coated, chrome-look, matte black, white, or stainless finish options
- Perforated shelf, wire shelf, tray shelf, and side-rail options
- KD or semi-KD packing for carton and container optimization

Buyer Value

Good add-on category for bathroom cabinet buyers

Practical repeat item for retail, project, and hotel supply

Can be developed as economy, premium, or OEM/private-label ranges

Bathroom Towel Hanger

Towel bars, rails, hooks, and hotel bathroom accessories

Bathroom accessory brands, sanitaryware dealers, hospitality FF&E buyers, project suppliers

Typical Use

Hotel bathrooms, apartments, residential bathrooms, gyms, hostels, wellness facilities

Indicative Size Direction

300-900 mm bar length | single, double, ladder, swing-arm, and hook combinations

Manufacturing Specifications

- Tube, rod, wire, and pressed mounting plate construction
- Single rail, double rail, towel ladder, towel shelf, hook rail, or ring format
- Powder-coated, polished, brushed, chrome-look, or stainless finish options
- Concealed mounting, visible screw, or bracket-mounted formats
- Retail box, project carton, or bulk export packing available

Buyer Value

Small carton size supports repeat container add-on orders

Good for bathroom cabinet and hotel project cross-selling

Can be standardized quickly while keeping finish and size flexible

Luggage Trolley

Hotel, resort, hostel, airport, and serviced-apartment trolley

Hotel FF&E suppliers, hospitality procurement groups, resort dealers, project contractors

Typical Use

Hotels, resorts, serviced apartments, hostels, hospitals, airports, and reception areas

Indicative Size Direction

900-1100 mm platform | 1600-1900 mm height
| custom wheel and finish options

Manufacturing Specifications

- Tubular steel or stainless frame with arched or rectangular top
- Carpeted, rubber, stainless, or powder-coated luggage platform
- Heavy-duty swivel caster options with brake configuration
- Gold, black, stainless, brushed, or custom powder-coated finishes
- Knock-down rail and platform design can reduce export volume

Buyer Value

Strong fit for hospitality buyers and hotel renovation projects

High perceived value with simple metal fabrication base

Custom branding plate, rail style, wheel, and platform options available

Bed Side Table

Metal bedside table for bedroom, hotel, hostel, and hospital-adjacent use

Bedroom furniture brands, hotel suppliers, student housing suppliers, institutional buyers

Typical Use

Hotel rooms, hostels, staff accommodation, apartments, dormitories, healthcare rooms

Indicative Size Direction

400-550 mm width | drawer/shelf/cabinet layouts | custom height available

Manufacturing Specifications

- Steel tube frame with sheet-metal, wood, glass, or composite top options
- Open shelf, drawer, cabinet, mesh shelf, or locker-style formats
- Powder-coated black, white, grey, gold, or buyer-specified colors
- Adjustable feet, caster, handle, lock, and side-rail options
- KD or assembled packing depending on order and buyer specification

Buyer Value

Pairs naturally with bed frame and hospitality furniture programs

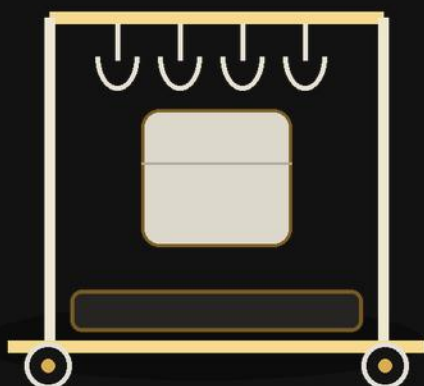

Can be offered as economical project model or premium retail model

Useful for OEM/private-label bedroom furniture extensions

Clothes Rack

Garment rail, retail display, hostel wardrobe, and utility hanging rack

Retail fixture suppliers, wardrobe brands, hostel suppliers, hospitality FF&E buyers, e-commerce sellers

Typical Use

Retail displays, bedrooms, hostels, hotel back-of-house, laundry rooms, staff accommodation

Indicative Size Direction

900-1500 mm width | single/double rail | shelf, caster, and knock-down options

Manufacturing Specifications

- Round or square tube frame with welded or bolt-together construction
- Single rail, double rail, lower shoe shelf, top shelf, side hook, or caster formats
- Powder-coated black/white/grey, chrome-look, or custom finish options
- Load-rated rail direction for hanging garments and retail stock
- Flat-pack export carton designed for e-commerce and wholesale supply

Buyer Value

Fast-moving utility item for retail and online furniture sellers

Simple product family with many size and finish variants

Good container filler alongside beds, cupboards, racks, and bathroom products

OEM & Project Development Notes

These products are intended as development-ready categories. Khodiyar can refine drawings, material grades, hardware, coating, carton structure, and container loading after the buyer confirms target market, quantity, and quality level.

Product	Best Buyer Route	Main Control Point
Bathroom Rack	Bathroom brands, hotel suppliers, home-improvement buyers	Coating, shelf load, wall fixing, carton protection
Towel Hanger	Sanitaryware dealers, accessory brands, hospitality projects	Finish, mounting plate, screw kit, retail box
Luggage Trolley	Hotel FF&E, resort suppliers, serviced apartment projects	Caster quality, rail strength, platform finish
Bed Side Table	Bedroom brands, hotel projects, institutional buyers	Drawer/door hardware, top material, KD packing
Clothes Rack	Retail fixture suppliers, e-commerce sellers, hostel buyers	Rail load, caster option, flat-pack carton

Next Steps for Buyers

- 1 Share target product photo, drawing, or sample requirement.
- 2 Confirm size, steel thickness, finish, hardware, packing, and target quantity.
- 3 Khodiyar develops sample direction, material estimate, and carton/loading plan.
- 4 Final quotation can be issued after product specification and quantity are confirmed.
